IRREGULARITY IS SHOWN SUCCESSES IN WEST AGAIN IN THE TRADING ARE CLAIMED IN BERLIN

Speculation Today Extends More Several Villages Captured and Foes Badly Beaten, It Is Declared.

Steel Is Taken Up at Substantial Ad-BERLIN, April 23.-German forces have begun a drive in the west, with great success, against British and French, according to Berlin's official statement today. It follows:

"In the western arena of the fighting during the against of the fight-

NEW YORK, April 23.—Reactionary tendencies were again dominant at the opening of today's market, leading stocks as well as specialties moving contrarily.

United States Steel, Amalgamated Copper and Smelting were fractionally lower, while Reading and some shares of less prominence made slight gains.

American Tobacco made an abrupt decline of 8 points and Missouri, Kansas and Texas preferred lost 4.

Trading became more active with increasing irregularity before the end of the half hour, with extensive dealings in local tractions, which rose and fell feverishly.

Further Selling of Favorites.

Trading during the morning fell somewhat under yesterday's moderate total, with further selling of Steel, Reading and other favorites.

Such offerings were well taken, however, inasmuch as prices recovered. emy followed only in the wooded country between Ailly and Apremont. The French penetrated this region into certain sections of our foremost trenches but they were partly driven out again. The fighting at close quarters still continues."

WEATHER.

Cloudy Tonight and Saturday; Somewhat Warmer.

the District of Columbia and laryland, partly cloudy tonight an Saturday; somewhat warmer; moderate south and southwest winds.

The pressure continues high over the eastern states and low over the plains states and the southwest. This pressire distribution is causing a continu

ure distribution is causing a continuation of mild temperature generally
east of the Rocky mountains, and temperatures near or slightly below normal
over the Rocky mountain region and
on the Pacific slope.

There have been showers in the last
twenty-four hours at scattered points
in the middle Atlantic states, the Ohio
valley, the plains states and the Rocky
mountain region. There were heavy
rains in Texas, the greatest fall being
9.44 inches at Taylor in the last twenty-four hours.

The indications are that the weather
will be unsettled, with probably showers, in the north Atlantic states and

ers, in the north Atlantic states and the region of the great lakes during the next thirty-six hours. Elsewhere

COTTON MARKETS.

NEW YORK. April 23.—Reports that very heavy rains were delaying an already late crop start in the southwest were followed by active general buying in the cotton market here early today, and prices made new high records for the season. The opening was somewhat irregular as a result of disappointing cables, May being 3 points lower, while other months were 1 to 3 points higher, but spot house brokers bought the small amounts of May offering, and the general list sold 8 to 11 points net higher within the first hour. points net higher within the first hour. Futures opened firm. May, 10,23; July, 10,51; August, 10,64; October, 10,83; De-cember, 11,01; January, 11,01; March,

Advance Encounters Realizing. The early advance to 10.92 for Octo-

per encountered a good deal of realizing, and trading later became less active, with prices easing off to within or 3 points of last night's closing figures.

Reports that eastern mills have been larger buyers of spots yesterday and renewed talk of a possible early peace in Europe helped the early buying movement, but the Liverpool weekly figures, showed comparatively small forwardings, and some traders were inclined to minimize the Texas rains as a bullish feature.

NEW ORLEANS.

NEW ORLEANS, April 22.—The extraordinary rainfall in Texas caused a quick advance in cotton today as soon as trading commenced. Half an 12.

checks and draft collections.

banks receive no interest.

Bankers claim that the free collec-

Bankers claim that the free collection of checks at par by one bank, where the customers of another would have to pay a fee for collection, would be a distinct advantage for the former, and that this might eventually drive state banks into the federal reserve system: this, at least, is the hope of the reserve board.

To offset the possible loss of business from this defection the Guaranty Trust Company has agreed to undertake the collection of all checks between banks in the state at par, without cost, also agreeing to pay 2 percent interest on balances.

The sale of drafts and collection of the check at a small expense has been one of the hig profit producers of the country bank and some banks in small cities, so that while losing this reveque the banks might fully recomp by reserving interest on balances, but to lose both collections and interest would make a hig reduction in revenue.

The federal reserve law, according to officials of and numerous counsel for the trust companies of the country, has injured the latter seriously by allowing national banks to perform their functions, and this profest has been so eneral that the question is to be taken to the highest court of the land.

The action of the Guaranty Trust tompany is therefore welcomed by officials of other companies in the same line, and the belief is expressed that its example is likely to be followed in other states also, in a general effort to control at least a share of the bal-

reserve system.

A financial expert has this comment to make on the new movement by the Guaranty Trust Company:

"The Guaranty Trust Company, by al-

lowing 2 per cent interest on balances, in undertaking to do the same thing as the federal reserve bank, appears to have touched a weak spot in the up-state bank-ers' point of view. The trust company's touched a weak spot in the up-state bank-ers' point of view. The trust company's new function really means that it be-comes a clearing house for state banks and trust companies, safeguards them against discrimination they would other-wise suffer, and offers a counter induce-ment to a plan that might have hastened their entrance into the federal reserve system."

Bestor R. Walters, a vice president of the District National Bank, has resigned, and the directors have accepted his resig-Mr. Walters joined the official staff

The Safest Investments

Are those that do not fluctuate during dis-turbed, conditions of the money or stock market. First deed of trust notes (first mortgages), well secured on real estate in the District of Columbia, constitute "gilt edge" investments. They do not depend upon the fluancial responsibility of indi-viduals or corporations for their stability and are exempt from taxation as personal property. We can supply such investments in amounts from \$550 upward. Send for booklet, "Concerning Loans and Invest-ments."

granted Maj. Clarence H. McNeil, Quartermaster Corps. The resignation of Capt. Harry S. Purnell, Medical Corps, has been accepted by the President, to take effect June 1, 1915. First Lieut. John M.
